

Resin Heroes

2017 PRODUCT PORTFOLIO

Resin made superheroes and other stuff

OUR OFFERINGS

resin kits

We create our resin kits from original sculptures. They come unfinished, and like most resin kits, the sprues (pour spouts) need to be removed, seams and rough spots filled/sanded and connections puttied and sanded.

1/6 scale heads

Our resin heads are also original sculptures, molded, and cast in resin.

commissions

Ask us about commissions. Commissions are accepted based on time constraints and project interest.

custom figures

Our custom figures are usually created using our heads on bodies made by various vendors (depending on availability). Costumes/outfits and accessories may be custom made or repurposed from other manufactured products. Our preferred scale is 1/6, but we can do other scales if feasible.

miscellaneous

Custom packaging can also be provided for our custom figures.

Contact us for pricing/quotes at info@resinheroes.com or [Facebook.com/resinheroes](https://www.facebook.com/resinheroes)

Commissions

"I Spy" Heads

"Starfire" Head

more "Commissions"

"Steph Curry" Head

OUR CUSTOM WORK

A lot of the fun of custom projects is the “do-it-yourself” aspect. If you prefer, we can be persuaded to make custom figures, providing we come to terms on pricing and turn around time. One thing to remember is custom figures can get somewhat expensive depending on time and resources involved. And no two custom figures will be identical. They are made from scratch, by hand, from materials available — costumes/outfits and accessories may be custom made or repurposed from other manufactured products.

The following pages are a sampling of some of the customs we have done for ourselves and others.

Let us know what you think at info@resinheroes.com or [Facebook.com/resinheroes](https://www.facebook.com/resinheroes).

Thanks for looking.
